

# APSAT 2025

Asia Pacific Satellite International Conference

Fairmont Hotel, Jakarta – Indonesia  
June 2<sup>nd</sup> – 3<sup>th</sup>

**The APSAT 2025** is the 21<sup>st</sup> ASSI's annual international conference series on the satellite communication aspect, and it is a remarkable annual event in Indonesia, and it is being acknowledged, recognized, and endorsed by international telecommunication societies, professionals, and government institutions. The APSAT 2025 has become the paramount satellite technology conference event of the year in Indonesia, with sharing knowledge from many leaders, entrepreneurs, executives, engineers, end-users, the academic community, and enthusiasts together in one place. For more than 20 years, APSAT has played a critical role in determining how satellites will shape the future of telecommunication in Indonesia and the Asia Pacific region. The conference welcomes the community of aerospace professionals from every market and field of study in the Asia Pacific region
